<input type="checkbox"/> User Registration Using Contact Form 7 <a href="#">Document</a>   <a href="#">Support</a>   <a href="#">Settings</a>   <a href="#">Deactivate</a>	User Registration Using Contact Form 7 plugin provide the feature to register the user to the website using Contact Form 7. Version 1.0   By ZealousWeb Technologies
<input type="checkbox"/> Plugin	Description

On the settings page, you can view and change the settings for User Registration, as shown below:

User Registration CF7 Settings

Registration Form Settings :

Select Registration Form ⓘ

Enable Debug Mode ⓘ  Log File Location : /wp-content/uploads/zurcf7-log/

Skip Contact Form 7 Email ⓘ

Select User Role Field ⓘ

Select Email Field ⓘ

Select Username Field ⓘ

Select Success URL ⓘ

[Save Settings](#) [Reset Settings](#)

## 1. Select Registration Form

Select the Form for User Registration.

## 2. Enable Debug Mode

Tick the checkbox to enable the debug mode to generate user logs.

## 3. Skip Contact Form 7 Email

Tick the checkbox to skip the default contact form 7 email.

## 4. Select User Role Field

Select the User Role for user registration.

## 5. Select Email Field

Select the field for User Email Address.

## 6. Select Username Field

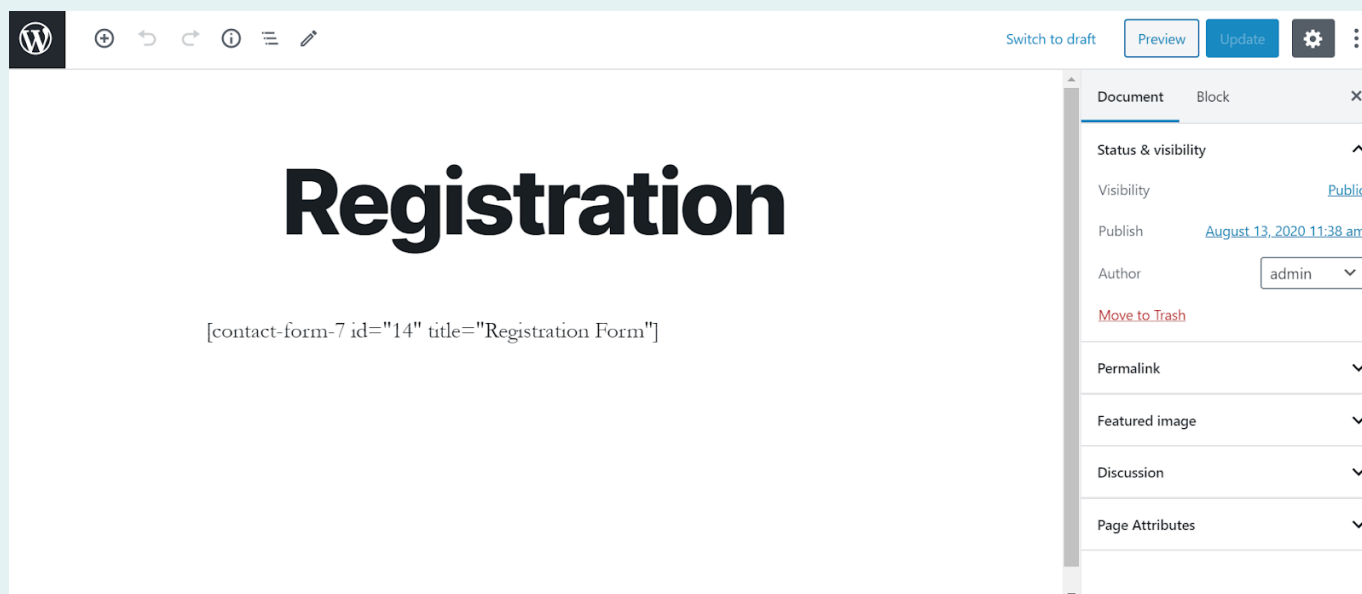

Select the field for Username.

### Select Success URL

Select the URL to redirect the users after the registration process is completed.

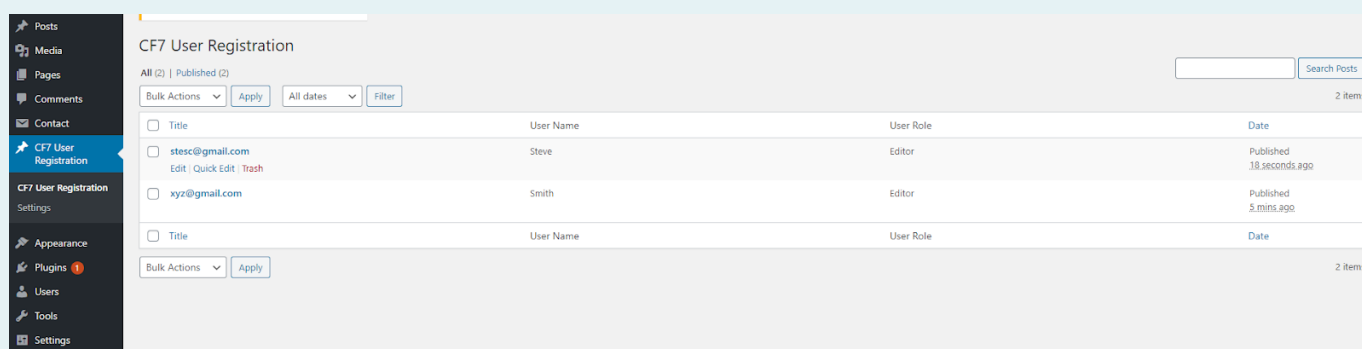

### Add the Form Shortcode on page:

Once the settings are saved, please add the form shortcode into a page. The form should be the same that you have selected for the Registration Process.

The screenshot shows the WordPress page editor interface. The main content area displays the word "Registration" in a large, bold, black font. Below it, the shortcode `[contact-form-7 id="14" title="Registration Form"]` is visible. The right sidebar shows the "Document" settings, including "Status & visibility" (Public), "Publish" (August 13, 2020 11:38 am), and "Author" (admin). The top navigation bar includes "Switch to draft", "Preview", "Update", and a settings icon.

### Registered User Listing Page:

The screenshot shows the "CF7 User Registration" listing page in the WordPress admin dashboard. The page title is "CF7 User Registration" and it shows "All (2) | Published (2)". There are two rows of user data:

<input type="checkbox"/>	Title	User Name	User Role	Date
<input type="checkbox"/>	stesc@gmail.com <a href="#">Edit</a>   <a href="#">Quick Edit</a>   <a href="#">Trash</a>	Steve	Editor	Published 18 seconds ago
<input type="checkbox"/>	xyz@gmail.com	Smith	Editor	Published 5 mins ago

Below the table, there is a "Bulk Actions" dropdown and an "Apply" button. The page also shows a "Search Posts" input field and "2 items" count.

This page will list all the users who have been registered using the Contact Form 7 form. You can view the Email, Username, and User Role here.

### Registered User Detail Page:

Admin can view the registration details from the detail page.

The screenshot shows the WordPress admin dashboard. On the left is a dark sidebar with navigation items: Pages, Comments, Contact, CF7 User Registration (highlighted), CF7 User Registration Settings, Appearance, Plugins (1), Users, and Tools. The main content area has a search bar containing 'stevresa@gmail.com'. Below it is a 'Registration Form Data' table with the following entries:

Registration Form Data	
CF7 Form Name	Registration Form
User Email	stevresa@gmail.com
User Name	stever
User Role	Editor

On the right side, there is a 'Publish' panel with the following information:

- Status: **Published** [Edit](#)
- Visibility: **Public** [Edit](#)
- Published on: Aug 18, 2020 at 05:02 [Edit](#)
- [Move to Trash](#) [Update](#)
